

TREE SPECIES - NORWOOD FOREST

from Kapiti F+B
member

RAUMATI ESCARPMENT RESERVE

DOMINANT SPECIES

On bibliography
WELLINGTON

Kōkakohe

Dysoxylum spectabile

Karaka

Corynocarpus laevigatus

titoki

Alectryon excelsus

OTHER TREE SPECIES

mahoe

Melicytus ramiflorus

akiraho

Oleria paniculata

ngaio

Myoporum laetum

rewarewa

Knightsia excelsa

Kaikomako

Pennantia corymbosa

ti rakau (cabbage tree)

Cordyline australis

horoeke (lancewood)

Pseudopanax crassifolius

kahikatea

Dacrycarpus daerydioides

tawa

Beilschmiedia tawa

Kowhai

Sephora microphylla

porokaiwhiri (pigeonwood)

Hedycarya arborea

Kōhuhu

Pittosporum tenuifolium

mapou

Myrsine australis

manuka

Leptospermum scoparium

Kanuka

Kunzea ericoides

OTHER TREE SPECIES

rangiora

Brachyglottis repanda

kawakawa

Macropiper excelsum

poroporo

Solanum laciniatum

hangehange

Geraniostoma rupestre

twiggy caprosma

Caprosma rotundifolia

broom

Carmichaelia spp.

mamaku (black tree-fern)

Cyathea medullaris

nikau

Rhapalostylis sapida

CLIMBERS / EPIPHYTES

kiekie

Freycinetia baueriana
subsp. *danksii*

kahakaha (perching lily)

Collospermum hastatum

puka

Griselinia lucida

rata

Metrosideros fulgens

rata (aka)

M. perforata

clematis

native jasmine
