

NATIONALLY THREATENED SPECIES

- Acæna pallida*
- Austrofestuca littoralis*
- Desmoschoenus spiralis*
- Muehlenbeckia astonii*
- Myosotis* sp. (a) *M. australis* var. *lytteltonensis* *

REGIONALLY THREATENED SPECIES

- Acæna juvenca*
- Blechnum banksii* * — needs separate.
- Brachyglottis lagopus* da yellow fl. dairy - 10A over last 10 yrs (goats)
- Carex* ? *comans* (or *C. albula*)
- Gleematia afoliata* *
- Chailanthes distans* *
- C. sieberi* *
- Coprosma acerosa* * sand dunes
- Crassula kirkii*
- *C. moschata* damp
- *Discaria toumatou* * *metagalli*
- Epilobium microphyllum*
- Eryngium vesiculosum* * sea holly
- Fuchsia perscandens*
- Hymenophyllum minimum*
- *Meliclytus obovatus* var. "obovatus" *paranipponia* Strub.
- Microseris scapigera*
- Ophioglossum coriaceum*
- Pellaea* "rock" *
- Rubus squarrosus* *
- Scandia geniculata*
- Senecio rufiglandulosus* var. unnamed
- *Splinfex sericeus* sand dunes.
- Viola* sp. (aff. *V. cunninghamii*)

* Species which through quarrying and goat/sheep browse may already have been extirpated from the Te Kopahou Block.

TABLE 1. A LIST OF NATIONALLY AND REGIONALLY THREATENED SPECIES RECORDED FROM THE TE KOPAHOU BLOCK
